If he was a fancy I should of know, when I told him I wanted to go to trial he told me No in my face, he told me the reason why is they would get me a all white jury and I will lose, and the 6 yr would turn into 12 yr. I had no one else with me. They found some white guy who I never seen. They said he was my crime. I was by my self I only went to help my two friend's Mark and Amy.
